Which Ones Can I Keep As a Pet?

Animals are cute but not all make good pets. Mark a '✓' on animals you can keep as pets and 'X' on animals you cannot keep as pets.

 Red-eared Slider Terrapin	<input type="checkbox"/>
 Rabbit	<input type="checkbox"/>
 Hamster	<input type="checkbox"/>
 Wagler's Pit-viper	<input type="checkbox"/>
 Dog	<input type="checkbox"/>
 Pink-necked Green Pigeon	<input type="checkbox"/>

Answers:
Red-eared Slider Terrapin, Rabbit, Hamster and Dog: ✓
Wagler's Pit-viper, Pink-necked Green Pigeon: X

 Cat		
 Chinchilla		
 Rosy-faced Lovebird		
 Long Tailed Macaque		
 Golden Orb Spider		
 Fish		

Reasons why wild animals are not pets

Some wild animals may be cute and exotic but they should never be kept as pets.

- Laws are introduced to protect wild animals like long tailed macaques and golden orb spiders so that they can continue living in nature areas and not become endangered or extinct.
- People who capture, sell or keep them as pets can be fined or jailed.
- Wild animals may spread diseases to humans and other animals.

Golden Orb Spider: X
Long Tailed Macaque and Fish: ✓
Rosy-faced Lovebird and Chinchilla: ✓
Cat: ✓
