Joan Li (NUS High)
Tan Yan Yuh (Hwa Chong Institution)

Monkeys in Singapore

Do you know the name of the monkey that can be most commonly seen in Singapore?

Long-tailed Macaque

Where can you see them?

Bukit Timah Nature Reserve

Where can you see them?

Upper Pierce Reservoir

If you see a monkey...

 Don't scream loudly.

Loud noises will scare the monkey.

Don'ts

 Don't use flash when taking photos of the monkey.

Bright lights will scare the monkey.

Don'ts

✗ Don't feed the monkey.

Human food will make the monkey sick.
The monkey can find food in the forest on its own.
There is enough food in the forest.

Don'ts

✗ Don't carry a plastic bag when you go to a forest.

The monkey will think there is food in the plastic bag, and try to snatch it.

Don'ts

✘ Don't stare at the monkey.

The monkey will get angry.

Do's

- ✓ Keep a safe distance from the monkey.
- ✓ Walk away. Find another way around it.

Everyone can help the Monkeys

- ✓ Tell your mum and dad what you have learnt today!

Thank You!
