HOME

A pet is an animal kept for company. Owning a pet is a big responsibility for two reasons:

1. Pets need care all their lives.
 - Dogs: 10 to 18 years
 - Cats: 12 to 18 years
 - Hamsters: 2 to 3 years
 - Rabbits: 8 to 10 years
 - Terrapins: 20 to 30 years
2. A lot of time and money is needed to take care of pets.

We share our world with wild animals. Here's what to do when you meet them:

- Be respectful and keep your distance.
- Don't make loud noises or sudden movements; it might scare them.
