

Park Etiquette

Help us make visits to our parks
and nature areas enjoyable for all!

Share Common Areas with Others

The parks are for everyone! Share the common areas with other park users.

Be Aware of Your Noise Level

Keep your noise level down so that everyone can enjoy the tranquillity of the park.

Keep Our Parks Clean

Help keep our parks clean and litter-free. Dispose rubbish in the bins provided. Some parks also have recycling bins for paper and plastic bottles, so you can do your part for the environment too!

Protect Our Flora

The wide variety of plants found in our parks and gardens are painstakingly planted and maintained by our parks officers. Help us by not plucking any flowers and leaves, or damaging the plants in any way.

Protect Our Fauna

Birds, insects and other animals live in our parks and nature reserves. Protect them by not catching any insects or disturbing the animals in any way. Do not fish in our parks and nature reserves unless it is a designated area where fishing is allowed. Look out for the 'No Fishing' sign.

Be Prepared for Your Outdoor Trip

What you should bring for an outdoor trip?

- Water bottle
- Cap
- Insect Repellent
- Sunblock
- Umbrella/Poncho
- First-aid Kit

What should you do in the event of wet weather?

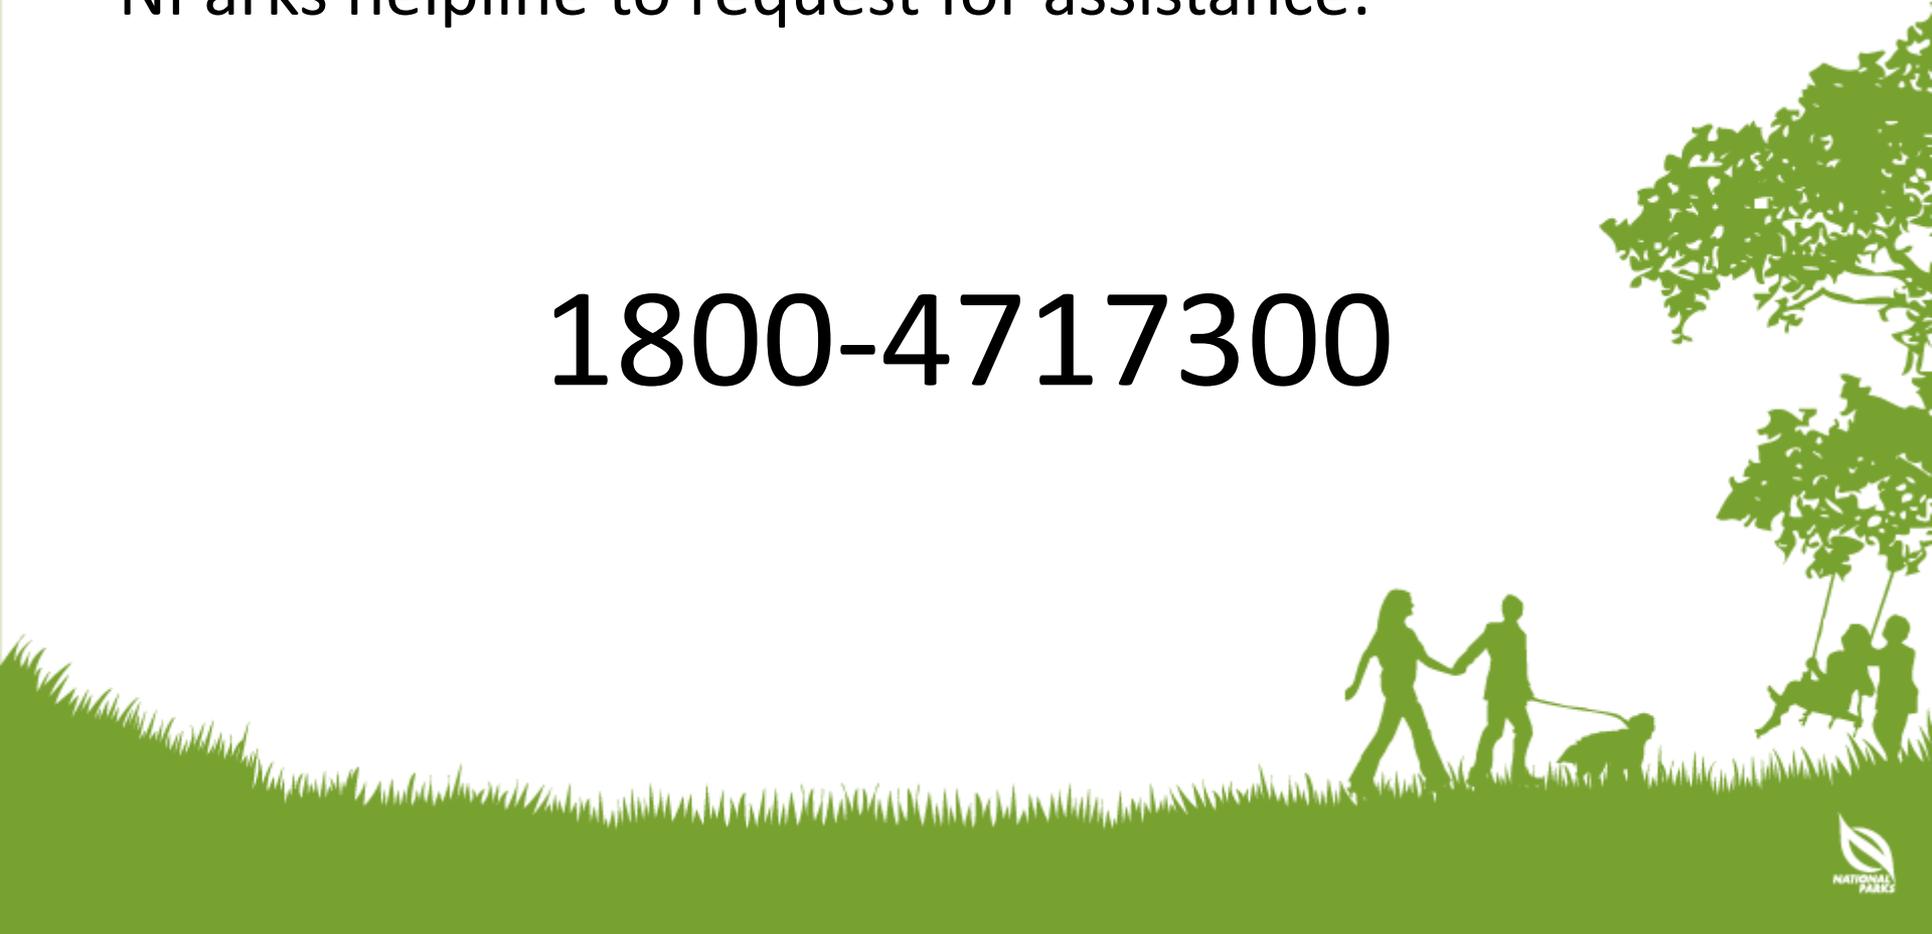

- Be prepared. Always bring an umbrella or poncho with you.
- Before you go on your outdoor trip, download a trail-guide from the NParks website (www.nparks.gov.sg/eguides) or take a park brochure from the visitor centre. Refer to the map in the trail-guide or brochure for the nearest shelters.
- Do not stand under a tree to seek shelter.

NParks Helpline

In the event of emergency, you can call the 24-hour NParks helpline to request for assistance:

1800-4717300
