

REPUBLIC OF SINGAPORE
THE ANIMALS AND BIRDS ACT (CHAP.7)
VETERINARY CONDITIONS FOR THE IMPORTATION OF
DOGS/CATS FOR COUNTRIES/REGIONS
UNDER SCHEDULE I (1/4)

I COUNTRY/REGION OF EXPORT

Australia, New Zealand, Ireland, and United Kingdom (Great Britain and Northern Ireland)

II PURPOSE

Any purpose.

III NPARKS/AVS LICENCES

Each animal shall be accompanied by a valid import licence and cat/dog licence issued by the National Parks Board/Animal & Veterinary Service (NParks/AVS).

IV VETERINARY CERTIFICATION

The animal shall be accompanied by:

- (a) a veterinary certificate (in accordance with the attached template) bearing a date not more than seven (7) days prior to export, signed by a *government approved veterinarian* of the country/region of export *and endorsed by an official government veterinarian of the country/region of export*, describing the age, breed, sex, colour, markings or other points of identification of dog/cat and certifying to the effect that:
- (i) the dog/cat had been continuously resident in the country/region of export, or any country listed under Part I for at least six (6) months prior to export, or since birth.
 - (ii) the dog/cat was examined by the government approved veterinarian not more than seven (7) days prior to export and found to be healthy, free from any clinical sign of infectious or contagious disease and fit for travel.
 - (iii) the dog/cat was at least twelve (12) weeks of age at the time of export.
 - (iv) the dog/cat has been examined by the government approved veterinarian not more than seven (7) days prior to export and found to be implanted with a microchip that bears the identification code as that indicated in the veterinary health certificate and the vaccination certificate.
 - (v) in the case of a dog under sixteen (16) weeks of age, the dog was vaccinated according to manufacturer's recommendations against Canine Distemper virus, Canine Adenovirus type 1 and Canine Parvovirus type 2 with at least two (2) vaccinations, with the first vaccination administered at no earlier than 6 weeks of age, and the second vaccination must be given at least two (2) weeks prior to export,
OR
in the case of a dog sixteen (16) weeks of age and above, the dog was vaccinated according to the vaccine manufacturer's recommendations and not less than two (2) weeks prior to export against Canine Distemper virus, Canine Adenovirus type 1 and Canine Parvovirus type 2.
 - (vi) in the case of a cat under sixteen (16) weeks of age, the cat was vaccinated according to manufacturer's recommendations against Feline calicivirus, Feline Herpesvirus-1 and Feline Panleukopaenia virus with at least two (2) vaccinations, with the first vaccination administered at no earlier than 6 weeks of age, and the second vaccination must be given at least two (2) weeks prior to export;
OR
in the case of a cat sixteen (16) weeks of age and above, the cat was vaccinated according to the vaccine manufacturer's recommendations and not less than two (2) weeks prior to export against Feline calicivirus, Feline Herpesvirus-1 and Feline Panleukopaenia virus.
 - (vii) the dog/cat has been treated with a product effective against external parasites (fleas and ticks) between 2 and 7 days of export (*state active ingredient and date of treatment*), and with a product effective against internal parasites (nematodes and cestodes) between 2 and 7 days of export (*state active ingredient and date of treatment*).
 - (viii) no case of rabies has been reported in the country for at least twenty four (24) months prior to date of export.
- (b) the dog/cat's original vaccination certificate, which also bears the identification code of the microchip that has been implanted. The vaccination certificate also bears the details (name of veterinarian, name

and address of veterinary practice) and endorsement of government-approved veterinarian who vaccinated the dog/cat and verified the microchip identification code.

V DECLARATION FROM MASTER/CAPTAIN OF SHIP/AIRCRAFT

The animal shall be accompanied by a signed declaration from the master/captain of the ship/aircraft in which the animal was carried stating:

- (a) that the dog/cat had been embarked or emplaned in one of the countries/regions of export specified above.
- (b) that no dog or cat from any other country was permitted aboard or carried in the ship or aircraft during the time that the dog or cat to which the declaration refers was on board the ship or aircraft,
- (c) that the dog or cat had not been landed at any intermediate port outside the country/region of export. In the case of an aircraft, if the dog or cat was landed, the dog or cat had been conveyed in a crate and remained within the precincts of the airport at which the aircraft landed (Prior permission from NParks/AVS is required should there be a change of aircraft carrying the animal).

VI QUARANTINE

No quarantine if all the veterinary regulations are complied with and the animals are clinically healthy on arrival.

VII APPLICATION FOR NPARKS/AVS LICENCES

Owners or agents importing cats or dogs must apply for the cat/dog licence prior to import licence application. Both licences can be applied at <https://pals.avs.gov.sg>, prior to the arrival of animals. The approved cat/dog licence must be attached to the online application of the import licence.

- (i) Owners of any cat or dog must apply for a licence to keep the cat or dog in Singapore. See Fee Schedule: Attachment-1.
- (ii) Owners should be aware of the conditions of the cat/dog licence available through NParks/AVS's website, of which your attention is drawn in particular to the following requirements:
 - A maximum of 3 cats or dogs, or a combination of both may be kept in private premises.
 - Only one (1) dog of an approved breed and up to 2 cats are allowed in a HDB residential unit.
 - The following breeds of dogs must comply with additional conditions listed below - Bull Terrier, Doberman Pinscher, Rottweiler, German Shepherd Dog with its related breeds such as the Belgian Shepherd Dog and the East European Shepherd Dog, Mastiffs including the Bull Mastiff, Cane Corso and Dogue De Bordeaux, and crosses between any of the above breeds and other breeds:
 - a. Only one (1) dog from the above breeds is permitted to be kept in a premises.
 - b. The dog must be leashed and securely muzzled when in a public place.
 - c. Owners must take up an insurance policy for at least \$100,000 and a banker's guarantee for \$2,000.

For all other animals, the owner or agent must apply for the import licence by submitting an online application through GoBusiness Licensing Portal (<https://www.gobusiness.gov.sg/licences>) prior to the arrival of animals.

VIII NOTIFICATION OF ARRIVAL

The owner or agent must make an appointment for the pet's inspection at least 5 working days before the arrival of the animal by submitting an online booking request via <https://avs-eservices.nparks.gov.sg/eservices/>. Please ensure that the NParks/AVS Import licence no. & flight details are ready and fill in the required information on the application. Inspections without any prior appointment will be charged \$80.00/hour or part thereof even if performed during office hours.

IX VETERINARY INSPECTION

On arrival at the port of disembarkation in Singapore, the dog/cat and documents (Import Licence, Veterinary Health Certificate, Cat/Dog Licence, Vaccination records and Captain's Declaration) shall be presented to and examined by an authorised Veterinary Officer. If the animal is found to be healthy and documents are in order, the animal shall be released to the owner or agent.

X PENALTY

All imports must comply fully with the conditions of the Import Licence and Veterinary Conditions, unless prior written approval has been obtained from NParks/AVS. Any consignment of animals or related products that do not meet the requirements may be detained, returned to the country/region of export or destroyed at the discretion of the Director-General, Animal Health and Welfare. In addition, the importer shall be guilty of an offence under the Animals and Birds Act Section 8(1) and shall be liable on conviction to a fine not exceeding \$10,000 or to imprisonment for a term not exceeding 12 months or to both.

XI FEES

All dogs/cats that are not presented in a cage with an intact seal or accompanied by an incomplete or falsely completed form may also be subject to quarantine by NParks/AVS.

Import Clearance of your pets upon their arrival in Singapore

Confirmation of import

- Importers are required to obtain a Customs In-Payment (GST) permit or apply for the GST relief waiver as mandated by Singapore Customs before booking for inspection for your pet. You can check their website for more details ([Importing Personal Pets \(customs.gov.sg\)](https://customs.gov.sg)) for more details.
- Make an appointment for your pet's inspection by submitting an online booking request via <https://avs-eservices.nparks.gov.sg/eservices/>. Please ensure your AVS Import licence no. & flight details are ready and fill in the required information on your application.
- Inspections without any prior appointment will be charged \$80.00/hour or part thereof during office hours.

If your pet is imported as manifested cargo*

- Pet animals will now be transferred directly from the aircraft to Changi Animal and Plant Quarantine Station by the relevant ground handling agent (SATS/dnata).
- Upon arrival at the Changi Airfreight Centre, you must present a printed copy of the AVS import licence and your identity card or passport to the Police Pass Office, located at the entrance of the cargo complex, to exchange for a Visitor Pass.
- After you have obtained the Visitor Pass, you must proceed to the cargo office (SATS/dnata) of the relevant airline that carried your pet to Singapore.
- At SATS/ dnata, you must produce the AVS import licence and collect **all** documents accompanying your pet. This includes the pet's original health certificate, original vaccination records, original rabies serology test result, airway bill and Captain's declaration (where applicable).
- If you are importing your pet dog or cat, you must then proceed immediately to CAPQ, located at the Changi Airfreight Centre with your pet's original health certificate, original vaccination records, original rabies serology test result, airway bill and Captain's declaration (where applicable) for inspection and clearance of your pet.
- If you are importing a pet other than dogs and cats e.g. your pet bird, pet rabbit, the airline representative will direct you to the location of the SATS/ dNATA cargo section to claim your pet. You must then proceed immediately to CAPQ, located at the Changi Airfreight Centre with your pet and your pet's original health certificate, original vaccination records, original rabies serology test result, airway bill and Captain's declaration (where applicable) for inspection and clearance of your pet.

Directions to CAPQ from SATS / DNATA

- Upon leaving the SATS/ dnata building, drive down the Airport Cargo Road until you reach a junction with a "U-turn" sign. Make a "U-turn" and continue along the road. After the bend, there will be a bus stop on the left, turn left into Gate C7 located after the bus stop (look out for green fencing and AVS CAPQ signage).

If your pet is imported as accompanied/ excess baggage

- Pet animals will be transferred directly from the aircraft to Changi Animal and Plant Quarantine Station by the relevant ground handling agent (SATS/ dnata).
- After you have disembarked from the aircraft, proceed to the "Lost & Found" counter located at the arrival hall near the baggage belt (before Customs/ Immigration Clearance).

Either:

- 1) If your pet travelled with you in the passenger cabin, surrender your pet to the staff at the Lost & Found counter located at the arrival hall near the baggage belt (before Customs/ Immigration Clearance). Your pet will be transferred to CAPQ by the relevant Ground Handling Agent **OR**
 - 2) If your pet was checked in under excess baggage, declare your pet to the staff at the Lost & Found counter. Your pet would have been transferred directly from the aircraft to CAPQ by the relevant Ground Handling Agent.
- You will not be allowed to take your pet out of the Customs/ Immigration area in the arrival hall of the Passenger Terminal.
 - You must then proceed immediately to CAPQ, located in the Changi Airfreight Centre with your pet's original health certificate, original vaccination records, original rabies serology test result and AVS import licence for inspection and clearance of your pet.

Veterinary Inspection/ Verification of Documents

- At CAPQ, the AVS officer will verify the AVS import licence, your pet's health certificate in AVS template, vaccination records, rabies serology test result and Captain's declaration(when applicable). AVS officer will also check for Customs In-Payment (GST) permit or Approval from Singapore Customs for GST relief.
- The AVS officer will visually inspect your pet to ensure it is clinically healthy and verify your pet's microchip number.
- For pets that require quarantine upon arrival in Singapore will be held at CAPQ after veterinary inspection. An AVS-appointed transport service will be arranged to send your pet to Animal Quarantine Centre (AQC) to undergo quarantine.

Late arrivals

- We encourage you to select flights that arrive in Singapore at least 3 hours before closing time of CAPQ to allow the pets to reach CAPQ for inspection. Animals that arrive outside of AVS [CAPQ's opening hours](#) will be held at the respective Ground Handling Agents' air-conditioned animal holding room overnight.

Changi Animal & Plant Quarantine (CAPQ) address:

113A Airport Cargo Road, Changi Airfreight Centre, Singapore 819985

For any enquiries and feedback, please call 1800-476-1600 or submit it [here](#)

Website: www.nparks.gov.sg/avs

Getting to CAPQ:

By Bus: 9, 19 and 89 (alight at the 3rd bus stop after Police Pass Office, along Airline Road)

By MRT: Bedok or Simei (transfer to bus 9), Tampines (transfer to bus 19)

From Airport Passenger Terminal: Drive or take a taxi to Changi Airfreight Centre (Travel on ECP and exit 2A towards Changi Airfreight Centre)

- CAPQ is not located within passenger terminal premises.

Please be informed that pets are not allowed on buses and MRT trains.

*Please note that the above clearance procedure for animals arriving as cargo does not apply to commercially imported animals, such as laboratory animals, small mammals or ornamental birds. For commercial consignments of animals imported by cargo, the importers will need to continue to proceed to SATS/ dnata cargo section to claim the animals. Once the animals are collected, please bring the animals immediately to AVS's CAPQ office for inspection and clearance. Please note that you are not to break the seal (if any) on the animal's cage/crate or take the animal out of the cage/crate.
