

SKYRISE GREENERY TRAIL MAP SERIES

This skyrise greenery trail map series highlights various zones around Singapore where you can view publicly accessible* skyrise greenery projects up close.

SKYRISE GREENERY TRAIL ETIQUETTE

Please observe the following etiquette when visiting the projects listed in this map:

For projects that are listed as “Viewable from street level”, please enjoy the installations from the common/public spaces at street level. You are not allowed to enter the premises without permission.

For projects that are listed as “Walk on me”, these projects are fully accessible to the public.

At each site do remember to take nothing but photos, leave nothing but footprints!

DIFFICULTY OF TRAIL

The trails are of easy to moderate levels. You may alight at the nearest MRT station and walk (unless stated otherwise) to the various projects listed

ESTIMATED TIME OF COMPLETION OF THIS TRAIL

You will take about 2–4 hours to complete this trail. It is possible to complete all projects on foot within this time frame, excluding viewing time at each site.

SKYRISE GREENERY TRAIL MAP

— ZONE 1 —

EMBARK ON A JOURNEY OF DISCOVERY
OF OUR SKYRISE GREENERY INSTALLATIONS

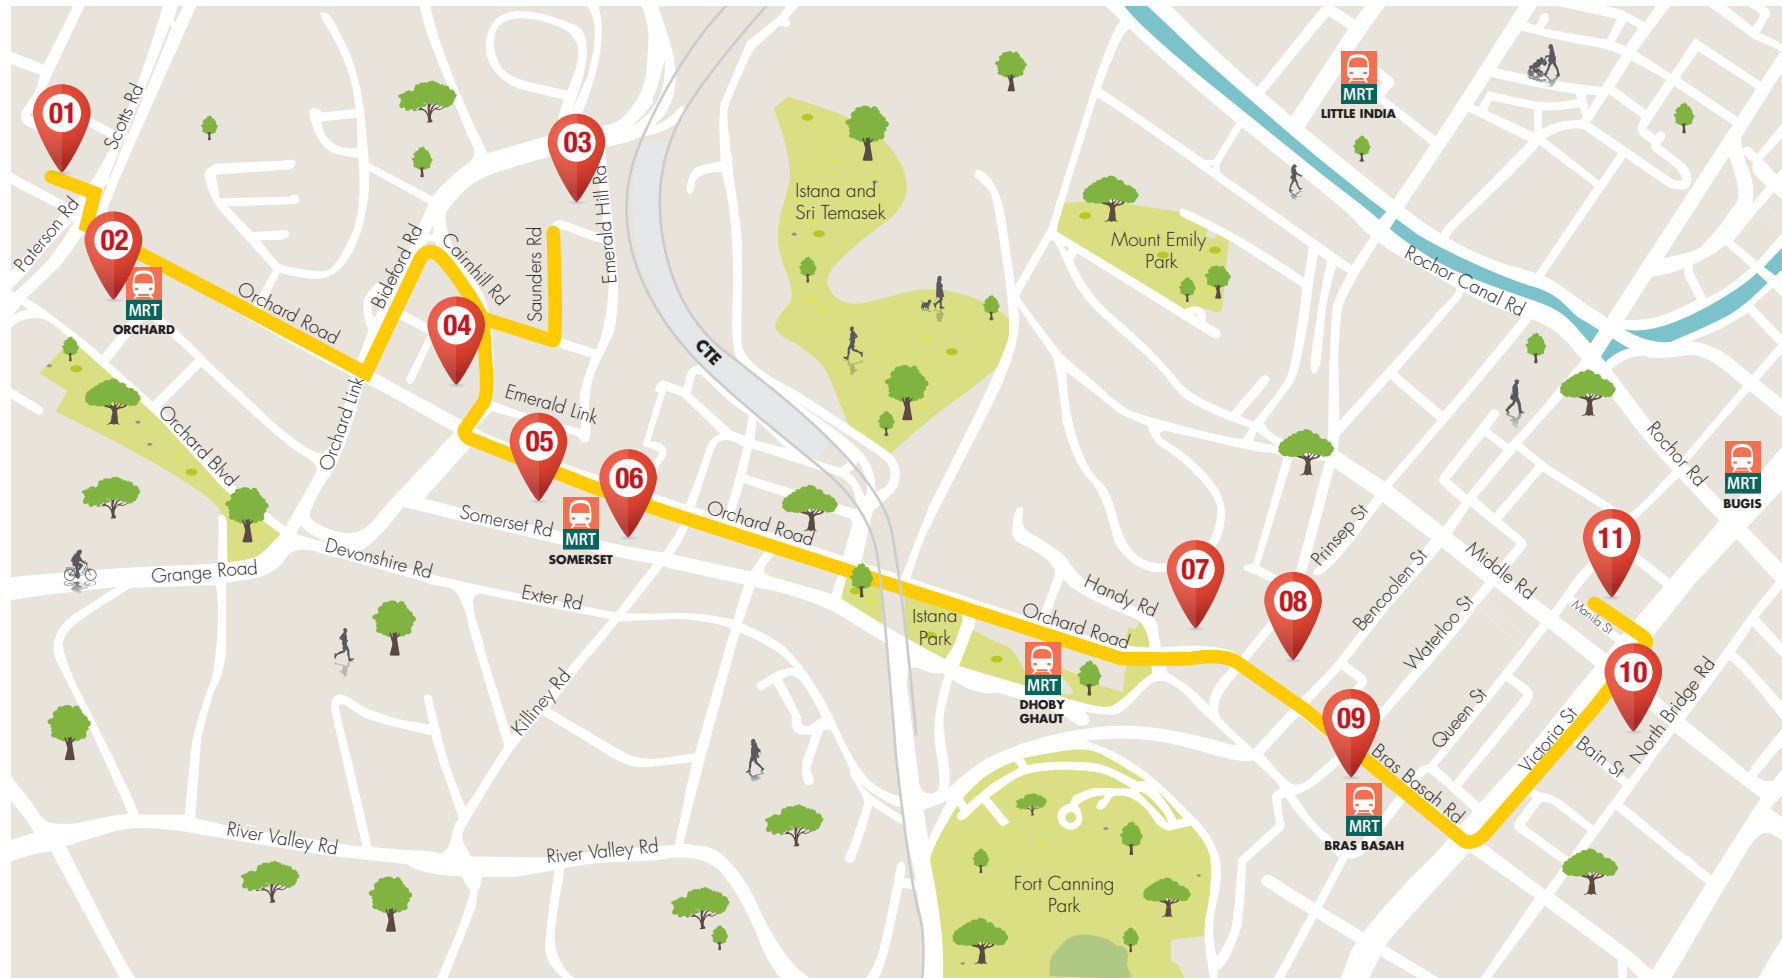

WHAT IS SKYRISE GREENERY?

Skyrise Greenery is a term coined in Singapore that refers to the greening of both horizontal (rooftop greenery) and vertical (green walls) dimensions.

These installations can be spotted all around Singapore in various forms such as sky terraces, balcony planters, green roofs, rooftop gardens and different types of green walls.

WHY IS SKYRISE GREENING NECESSARY?

In our heavily built-up city-state with limited land, skyrise greenery helps to create a harmonious balance between urban development and our natural heritage. It also helps reduce the Urban Heat Island effect, making Singapore a more liveable place.

**All projects featured here are either publicly accessible or viewable from street level.*

Suggested routes

"Viewable from street level"
projects that you can view
from street level

"Walk on me"
projects that you can walk
on and view up close

01. SHAW CENTRE/HOUSE

Winner of the Garden City Awards 2001, this iconic rooftop garden is one of the earliest examples of a lush rooftop garden in Singapore and can be found on the top floor of the block above Lido Cineplex. Several vertical greenery panels clad the façade of Shaw Centre's multistorey carpark and at the main drop-off point, adding to the overall skyscraper greenery concept of this development.

Address: 1 Scotts Road, Singapore 228208

02. ORCHARD RESIDENCES

Unique geometrically designed vertical greenery panels line its perimeter wall along the pedestrian pathway leading towards the entrance of Orchard Residences.

Address: 238 Orchard Boulevard, Singapore 237973

03. RESIDENCES AT EMERALD HILL

A continuous stretch of lush vertical greenery can be found along the perimeter fencing of this condominium, providing green relief from our concrete jungle and invoking a feeling akin to entering a sanctuary.

Address: 119 Emerald Hill Road, Singapore 229401

04. THE HEEREN

Covering a span of six storeys, this vertical greenery installation located at the side of the building (near the carpark entrance) demonstrates that it is possible to provide pockets of greenery in constrained spaces.

Address: 260 Orchard Road, Singapore 238855

05. 313 SOMERSET

This rooftop garden, located on the 5th floor of the mall, provides a recreational space for visitors to relax and for children to play at the mini playground. Pillars clad with vertical greenery can also be found on this rooftop garden and the verdant foliage is visible from ground level.

Address: 313 Orchard Road, Singapore 238895

06. ORCHARD CENTRAL

Winner of the Skyrise Greenery Awards 2009 (Completed Projects), this shopping mall features decks that are lushly landscaped on the 11th and 12th storeys. Visitors to the rooftop gardens will be able to enjoy panoramic views of the surroundings, as well as admire the Kuzama artwork located in front of the 8-metre-tall green wall.

Address: 181 Orchard Road, Singapore 238896

07. SCHOOL OF THE ARTS (SOTA)

This school boasts extensive green walls, comprising climbers supported by mesh panels that stretch upwards across the various levels. Though not accessible to the public, there is also a rooftop garden that doubles up as a large recreational park, with a 400-metre running track. The trees that line the track are visible from the street.

Address: 1 Zubir Said Drive, Bras Basah Road, Singapore 227968

08. HOTEL RENDEZVOUS

A stretch of lush vertical greenery lines the curved driveway leading towards the lobby of the hotel, providing hotel patrons with a pleasant and green welcome.

Address: 9 Bras Basah Road, Singapore 189559

09. SINGAPORE MANAGEMENT UNIVERSITY

Segments of cascading vertical greenery, made up of climbers supported by mesh panels, decorate the façade of various blocks within the university grounds. These lush green panels can be viewed from the pedestrian paths.

Address: 81 Victoria Street, Singapore 188065

10. NATIONAL LIBRARY BUILDING

Sky terraces are located intermittently at various levels, bringing greenery closer to the patrons of the library and the workers in the office floors above. Some of these terraces are accessible to the public (as indicated at the entrance leading into the gardens at each respective level), but are best viewed in totality from pedestrian pathways surrounding the building

Address: 100 Victoria Street, Singapore 188064

11. BUGIS+

This 10-storey entertainment and retail complex features sky terraces at various levels, providing a green contrast with the silver-crystal media façade. These sky terraces are integrated with event spaces and cafes, and are accessible to the public.

Address: 201 Victoria Street, Singapore 188067
