SKYRISE GREENERY TRAIL MAP SERIES

This skyrise greenery trail map series highlights various zones around Singapore where you can view publicly accessible* skyrise greenery projects up close.

SKYRISE GREENERY TRAIL ETIQUETTE

Please observe the following etiquette when visiting the projects listed in this map:

For projects that are listed as "Viewable from street level", please enjoy the installations from the common/public spaces at street level. You are not allowed to enter the premises without permission.

For projects that are listed as "Walk on me", these projects are fully accessible to the public.

At each site do remember to take nothing but photos, leave nothing but footprints!

DIFFICULTY OF TRAIL

The trails are of easy to moderate levels. You may alight at the nearest MRT station and walk (unless stated otherwise) to the various projects listed

ESTIMATED TIME OF COMPLETION OF THIS TRAIL

You will take about 2–4 hours to complete this trail. It is necessary to take public/private transport to some of these projects in order to complete all projects within this time frame, excluding viewing time at each site.

SKYRISE GREENERY TRAIL MAP

ZONE 5

EMBARK ON A JOURNEY OF DISCOVERY
OF OUR SKYRISE GREENERY INSTALLATIONS

WHAT IS SKYRISE GREENERY?

Skyrise Greenery is a term coined in Singapore that refers to the greening of both horizontal (rooftop greenery) and vertical (green walls) dimensions.

These installations can be spotted all around Singapore in various forms such as sky terraces, balcony planters, green roofs, rooftop gardens and different types of green walls.

WHY IS SKYRISE GREENING NECESSARY?

In our heavily built-up city-state with limited land, skyrise greenery helps to create a harmonious balance between urban development and our natural heritage. It also helps reduce the Urban Heat Island effect, making Singapore a more liveable place.
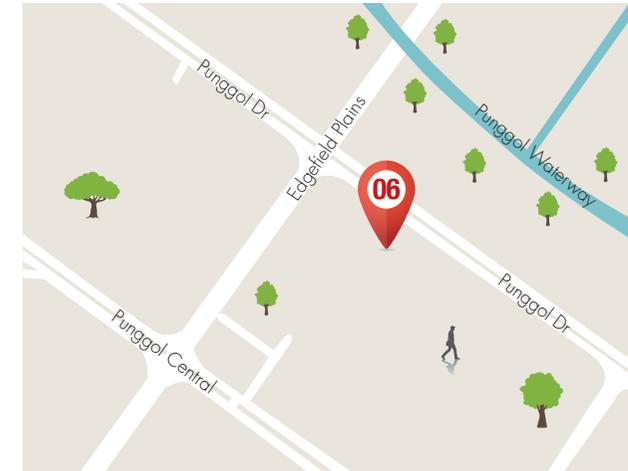

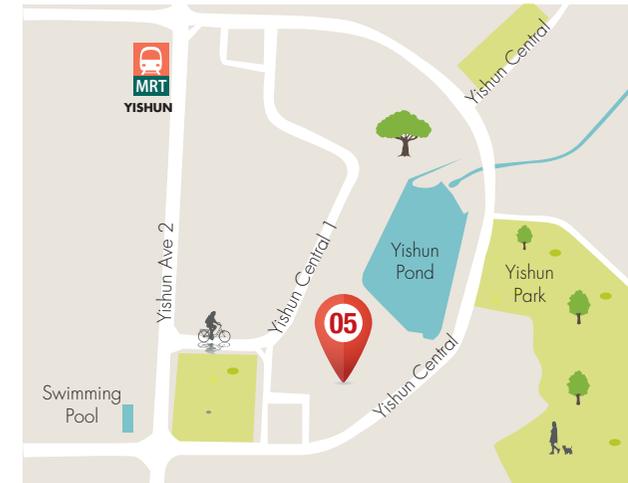

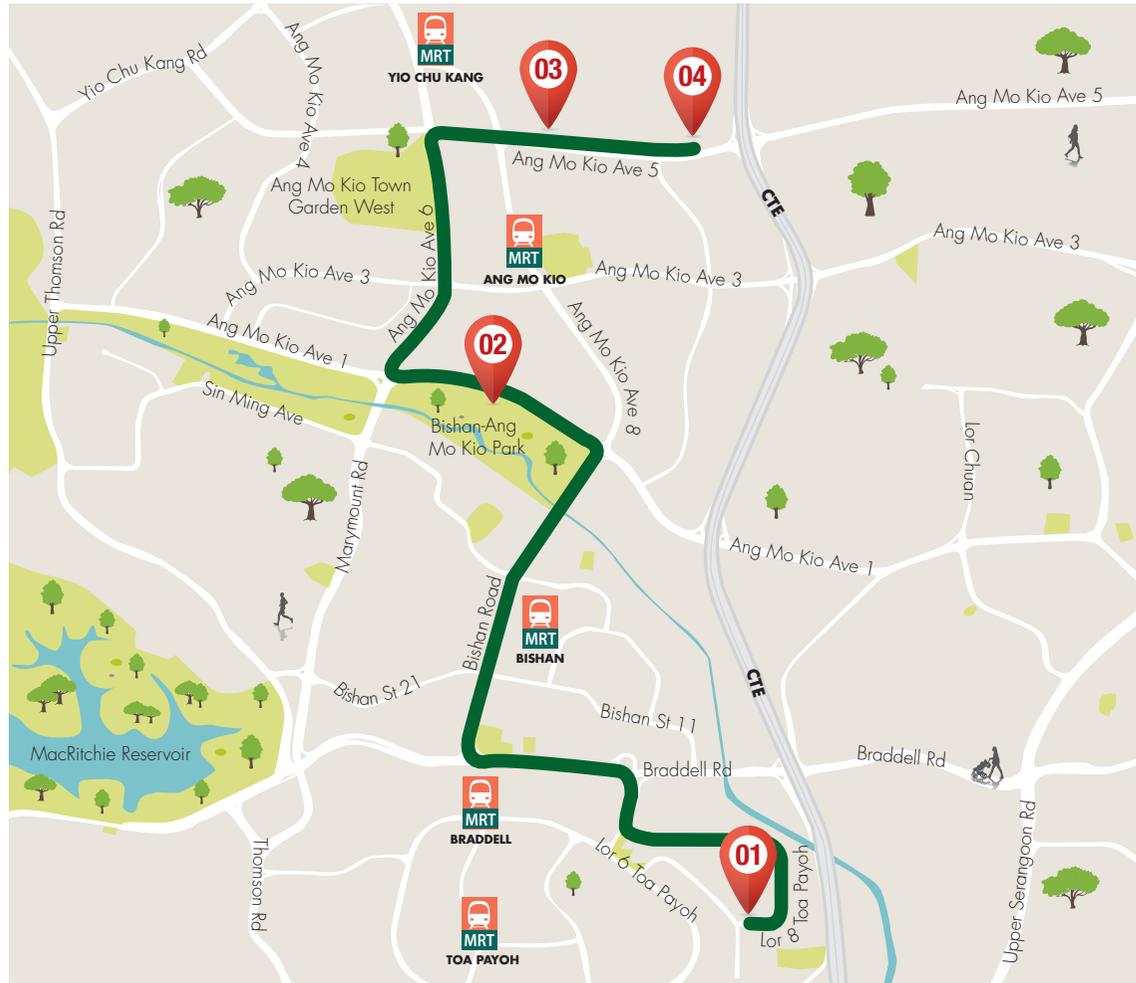

All projects featured here are either publicly accessible or viewable from street level.

LEGEND:

- Rooftop greenery
- Vertical greenery
- MRT station
- Suggested routes
- "Viewable from street level" projects that you can view from street level
- "Walk on me" projects that you can walk on and view up close
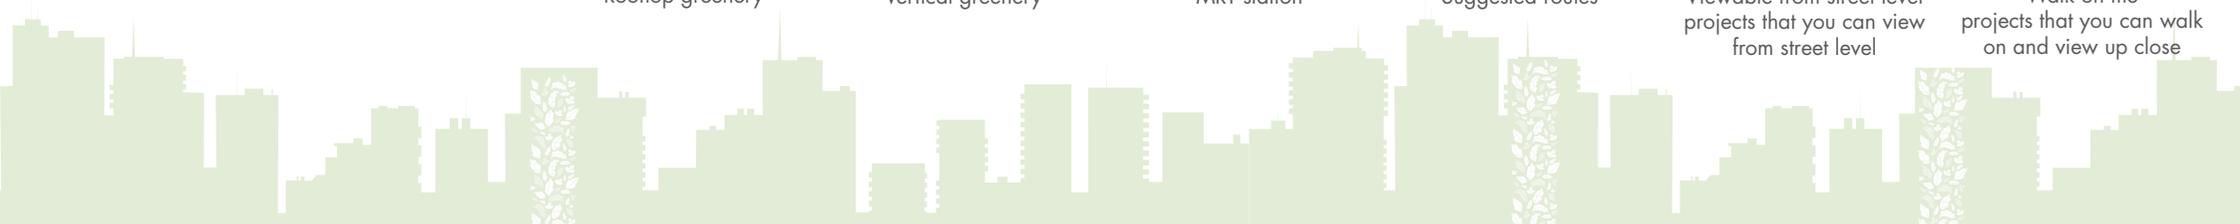

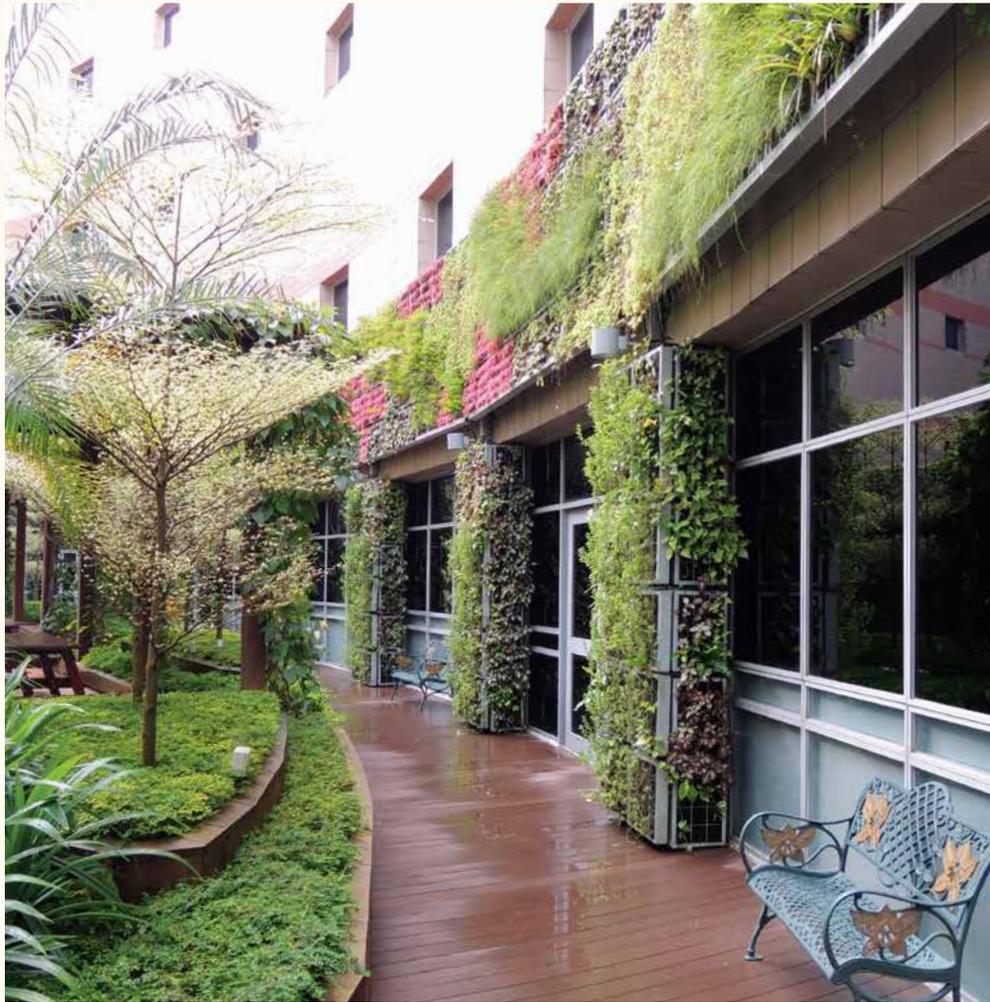

01. NANYANG POLYTECHNIC

Two lush rooftop gardens with vertical greenery can be found at block P level 3 and block S level 4. These rooftop gardens provide students with a conducive learning environment where they can relax and study in a calming environment.

Address: 180 Ang Mo Kio Avenue 8, Singapore 569830

02. TOA PAYOH POLYCLINIC

Located in the centre of the polyclinic, this vibrant green roof provides smoothing relief for patients and visitors waiting for their appointments.

Adress: 2003 Lorong 8 Toa Payoh, Singapore 319260

03. ARAMSA – THE GARDEN SPA @ BISHAN-ANG MO KIO PARK

Nestled in Bishan-Ang Mo Kio Park, this lush green roof on top of the spa building helps create an exotic resort-like ambience for customers to relax and unwind.

Address: 1382 Ang Mo Kio Avenue 1, Singapore 569931

05. ITE COLLEGE CENTRAL

In line with the institution's strategy to integrate greenery into the buildings, stretches of vertical greenery can be found along the external façade as well as along the internal central spine of the main activity spaces. Sky terraces can also be seen at different levels, creating green spaces that span across different levels.

Address: 2 Ang Mo Kio Drive, Singapore 567720

04. PUNGGOL BREEZE

This development demonstrates a sustainable public housing development design which seamlessly integrates different levels of greenery. This rooftop garden located on top of the multistorey car park features playground areas and exercise corners for residents of all ages to enjoy and relax.

Address: 616 Punggol Drive, Singapore 820616

06. KHOO TECK PUAT HOSPITAL

This hospital was designed to make greenery easily accessible, in order to aid patients in their healing process. Lush rooftop gardens, stretches of balcony planters and vertical greenery can be found throughout the building. There is a rooftop garden (not accessible to the public) which provides a source of organic herbs and spices for the hospital kitchen.

Address: 90 Yishun Central, Singapore 768828
